25X1A	3.	Comment. The officer candidates observed presumably left the officer school of the GOFG, after they had graduated from a course there.	
25X1A	4.	Comment. 25X1C the unloaded troops probably belong to the 93d Tank Regt of the 6th Gds Mecz Div. The transfer to the area of Kaulsdorf-Biesdorf of units of the division after 16 July was previously reported by other sources.
